

# PALM BEACH COUNTY POPULATION PROJECTION

Source: Bureau of Economic and Business Research (BEBR)

**The 2007 population projections for Palm Beach County show higher population projections than the recent 2009 projections.**

**The overall population is still projected to continue increasing through our design year of 2035, but at a slower rate.**

**The Palm Beach County Metropolitan Planning Organization (MPO) is using the latest projections in their adopted 2035 Long Range Transportation Plan.**
